This is a New Constant Blooming Rose which we think will please every one; it is a strong, bushy grower, with stout stems and thick glossy green leaves. The flowers are large and handsome, somewhat cup-shaped, but well filled and very sweet. The color is deep rich rosy red, reverse of petals pale amaranth; makes extra long pointed buds, and blooms abundantly all through the Summer and Fall. 15 cts.

Mlle Helena Cambier, NEW EVER-BLOOMING ROSE

Very pretty and desirable, makes a neat handsome bush, bears abundantly, large, very double Roses. Color lovely canary yellow, with deep peachy red centre, becoming lighter as the flowers open. Very sweet and handsome. 15 cts.

White Maman Cochet, NEW PURE WHITE HARDY EVER-BLOOMING ROSE

This is the nearest approach to the Ideal Pure White Hardy Ever-blooming Rose we have all been looking for. It is a sport from the highly valued Maman Cochet, which it closely resembles in every respect except color, which is pure white. DEAR FRIEND:

We are Rose and Flower growers, and knowing that you are a lover of beautiful flowers, we take pleasure in handing you our NEW ABRIDGED FLORAL GUIDE FOR 1899, hoping you will examine it carefully, and if possible, send us at least a trial order this season. We want your name on our books so we can send you our publications regularly. This book is, of course, not so large as our Complete Guide, but it contains OUR CHOICEST NOVELTIES AND BEST BARGAIN COLLECTIONS, and is so handy and convenient that many people prefer it to the larger one. Prices are exactly the same in both, and you can order from this one with the certainty of getting the very nicest things at lowest prices. If however you have occasion for our COMPLETE GUIDE, please let us know and we will send it at once. If you want the best of everything at LITTLE PRICES, send your orders to us, and you will not be disappointed. We grow the finest stock, have twenty years experience, and promise all dealings satisfactory in every way. Please let us hear from you and oblige,

Faithfully yours, *The Conard & Jones Co.*

INFORMATION FOR PURCHASERS. Please use the printed Envelope and Order Sheet, and keep your plant and seed orders separate as far as possible, and be sure to write your name and address clear and plain.

Free by Mail. Please notice that everything offered in this book, excepting only large orders and two-year-old Roses and Shrubbery, are sent free by mail on receipt of prices given, to all Post Offices in the United States. Safe arrival and full satisfaction guaranteed in every case. To Canada we send Plants, Bulbs and Seeds by mail, postpaid, but Roses and Shrubbery are prohibited. We also send to Mexico, Hawaii, Bermuda, and various European countries.

Please forward the Money with the Order. Remittances by P. O. order, registered letter, bank draft and express are at our risk, and we will add a handsome present to offset cost of same on all orders paid in this way. We accept new postage stamps for small amounts same as cash, but prefer money whenever convenient. When coins are sent they should be carefully wrapped in paper or cloth, and care taken to seal the letter securely. We send by express when requested, or when orders are too large to go by mail. Express charges are at the expense of the purchaser, but we add as liberally as possible to help cover the express charges.

Premiums. Our prices are very low, but we allow a premium of 20 cts. on the dollar for all orders of \$1.00 or upwards for Roses, Plants, Bulbs and Seeds bought at the single rate—that is, persons who send \$1.00 may select to the value of \$1.20; \$2.00, select to the value of \$2.40, and so on; but no premiums can be allowed on any of the special offers, which are already as low as they can possibly be afforded.

Small orders are just as carefully filled as large ones. We give liberal value and careful and polite attention to all. If you order from us you can depend on getting the nicest things in good fresh condition, postpaid at your door.

IMPORTANT NOTICE. In reply to frequent inquiries, we would say we have no connection whatever with any other company. Do not be misled because you see the name, Dingee & Conard Co., unchanged. Neither Alfred F. Conard or Antoine Wintzer have any connection with that concern, but long since left it entirely, though that Company still retains Mr. Conard's name, because they think it their interest to do so, and cannot be legally prevented, he has severed all connection with them years ago. All communications intended for Alfred F. Conard or Antoine Wintzer should be addressed to THE CONARD & JONES COMPANY, West Grove, Pa., where they will receive prompt and careful attention.

Please be careful to always address, THE CONARD & JONES COMPANY, Flower Growers, West Grove, Pa.

NOTICE. Our elegant Fall Catalogue of Imported Bulbs, Plants and Seeds for Fall planting and Winter bloom, will be ready about Sept. 1st., and sent to all our patrons of this year without request; to others, free on application. If not received promptly a postal card will bring it.

Grand New Hardy Hybrid Tea Rose = Clara Barton

New Hardy Hybrid Tea Rose, Clara Barton.

After years of careful study and hybridizing the most beautiful varieties, we at last succeeded in obtaining this **GRAND NEW CONSTANT-BLOOMING ROSE**, which has attracted so much attention, and proved of such remarkable beauty and value that we requested permission of

MISS CLARA BARTON President of the World's Red Cross Society = =

to give it her name, in remembrance of the noble work she has done in the cause of humanity all over the world. This permission was kindly granted, coupled with the suggestion that it be called simply "**CLARA BARTON**." This we have therefore done, and believing that it will be found one of the most beautiful and highly valued Roses now known, we take great pleasure in introducing it to all lovers of beautiful Roses as one of the choicest varieties of which we have any knowledge. The flowers are quite large, perfectly double, and wonderfully sweet. The color is delicate flesh pink. It is a tremendous bloomer, loaded with flowers the whole season, and quite hardy. Extra fine, both for bedding and house culture. **Price, strong plants, 50 cts. each, postpaid. Two-year size, \$1.00 each, by express.**

Three Grand Roses of Our Own Introduction

New Double White Hardy Climbing Rose

THE ROYAL CLUSTER

CONARD & JONES CO., 1899.

DESCRIPTION OF THE ROYAL CLUSTER: It is a cross between the hardy climbing roses Dawson and Hermosa, and undoubtedly the most magnificent Double White Hardy Climbing Rose yet introduced.

BLOOMS IN IMMENSE CLUSTERS. The name, "Royal Cluster" was given it because of the great size and beauty of its enormous clusters. 119 flowers and buds have been counted in one cluster at one time.

SIZE AND COLOR OF FLOWERS. The flowers are full medium size, quite double, and beautifully formed. The color is white, sometimes faintly tinted with blush.

FLOWERS DELIGHTFULLY FRAGRANT. The Royal Cluster has a delicious, spicy fragrance and is very attractive.

PRICE. Strong plants, 25 cts. each; larger size, 35 cts., postpaid. Two-year size, by express, 50 cts.

NEW HARDY CLIMBING ROSE—MAY QUEEN.

The lovely Rose, May Queen, was obtained by crossing the beautiful Tea Rose, Mrs. De Graw, with the hardy running rose, Wichuraiana. It is a vigorous, erect-growing climber, well furnished with handsome foliage and bearing great numbers of lovely, large double roses. The blooms average over three inches across, are delightfully scented and borne in large clusters all over the bush. Color, clear coral pink, very bright and handsome, and an early and abundant bloomer. The bush is entirely hardy and particularly recommended for all situations where hardy, free-blooming, climbing roses are wanted. Price, strong plants, 20 cts. each; larger size, 30 cts., postpaid. Two-year size, 40 cts., by express.

NEW HARDY CLIMBING ROSE—RUBY QUEEN.

The Ruby Queen is bright rich ruby red with clear white centre; flowers quite double, 3 to 3½ inches across and opening out flat and perfect. The colors are rich and velvety, and the combination of red and white renders the flowers pleasing and attractive. Hardy and similar to May Queen, except in color of flowers. May Queen and Ruby Queen make charming companions when planted together. Price, 15 cts. each; larger size, 30 cts. Two-year size, 40 cts., by express.

SPECIAL OFFER. The 2 varieties for 25c.; larger size, the 2 for 35c. Two-year size, the 2 for 60c., by express.

New Weeping Lantana, MRS. MCKINLEY

New Weeping Lantana, Mrs. McKinley.

OUR illustration gives some idea of this charming New Weeping Lantana when planted in baskets, vases or pots, for which it is particularly recommended; but it is, if possible, more beautiful still when bedded out. The plant is a neat, handsome grower, producing a great abundance of leafy vines, which cover the ground with their pretty foliage, and bear such an immense profusion of lovely, clear pink flowers that the whole bed seems a sheet of rosy bloom from early Summer till late Fall. Scarcely anything on our grounds attracted more attention last Summer than a bed of this charming Lantana. The flowers are borne in elegant clusters, and hundreds and thousands of them were in bloom all the time. We make prices very low, so as to meet the large popular demand for bedding, window-boxes, vases, etc. PRICE: 10 cts. each; 3 for 25 cts.; 7 for 50 cts.; 15 for \$1., postpaid.

Hardy Hybrid Perpetual Roses

THE Hybrid Perpetuals are considered the most valuable of all Roses, because they bear the largest, sweetest and most brilliant colored flowers, and are so hardy and vigorous they live over winter without protection and continue to bloom regularly from year to year. Their grand flowers are of all shades of red, crimson, scarlet, pink and white, but no yellows. They thrive and bloom finely in all sections of the country and should generally be planted in open ground, as but few varieties are suitable for house culture. Some kinds do not bloom till the second year, but when fully established bloom regularly at the usual time, and occasionally during the Summer and Fall months. Though called "Perpetual," they are not constant bloomers, but are the finest and most beautiful of all Hardy Roses. We offer the Choicest and Most Beautiful Varieties in Cultivation, and send Strong Healthy Plants from 2½ and 3-inch Pots, all on their own roots.
